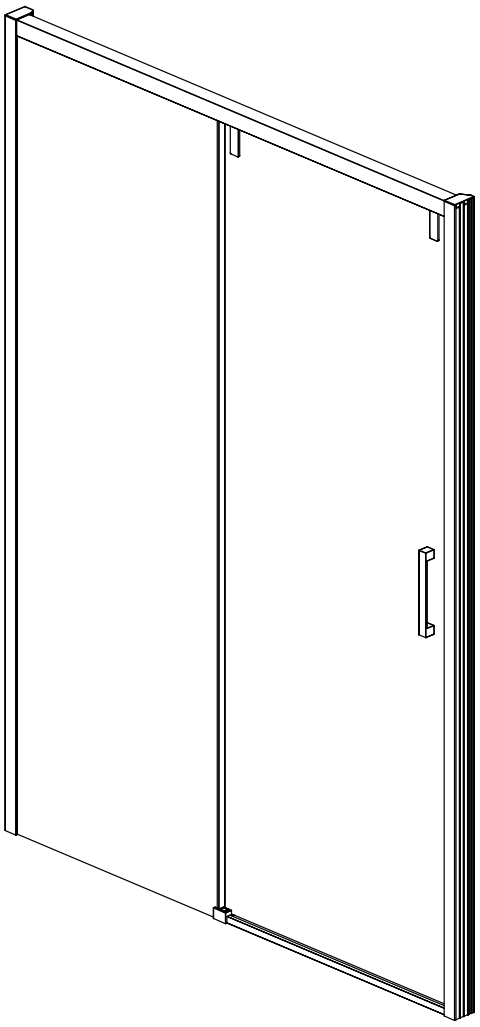
INSTRUCCIONES DE MONTAJE



YSTAD

Información general

Por favor, inspeccione el producto inmediatamente después de recibirlo para detectar posibles daños durante el transporte, en embalaje o algún defecto de fabricación. Por favor, aunque sea vidrio de seguridad, manipule el producto con cuidado, evitando golpes e impactos en los lados y bordes del cristal.

Lea atentamente estas instrucciones antes decomenzar la instalación.

Se debe tener especial cuidado al perforar lasparedes para evitar tuberías y cables eléctricos ocultos.

Este producto es pesado y puede requerir dos personas para su instalación.

Recomendaciones de uso y mantenimiento

No utilizar productos abrasivos para la limpieza de perfiles y cristal de la mampara. Tampoco se deben utilizar estropajos de acero, de fibras duras u objetos punzantes. Se recomienda utilizar paño humedecido con agua o detergente neutro. No deben utilizarse limpiadores de naturaleza abrasiva. Hay que evitar el contacto con productos químicos fuertes, como disolventes orgánicos y decapantes.

No apoyarse ni colgar objetos pesados sobre la mampara.

Para aumentar la durabilidad de la mampara por el exceso de humedad, es recomendable ventilar de forma suficiente la zona de baño.

Se recomienda conservar las instrucciones para un correcto mantenimiento.
